Dear parents and guardians,

Welcome to Spanish 2. I would like to introduce this year's Spanish 2 webpage. The purpose of this webpage is to keep you, the parents, informed of all things Spanish for the entire year. This will allow you to find out what types of assignments your child has for the year. Check it out for testing information, homework, projects, links to free study aids, classroom expectations and much more.

After you have had a chance to visit the webpage with your child please fill out the information below. This will let me know that your child has shared the essential parts of the webpage with you and has explained each part of it as it was explained in class.

A signed and returned paper earns your child his/her first 100% for the quarter.

I hope that this site helps you through out the 2015 -2016 school year. If you cannot find an answer to your question on heikell.weebly.com then please feel free to email me your inquiry.

Sincerely,

William Heikell
